

CSC 202 Assignment 4 Writeup

I used Moby Dick for the large txt file, which is 1.2 MB. For my stop words, I used a lot of common words you can find in books such as is, as, of, etc.

Output statistics:

The output concordance file produced 12,671 lines.

Same output:

5 consecutive outputs are:

abandoned: 12679

abandonedly: 7197

abandonment: 10580

abased: 6915 8454

abasement: 6883

Manual verification:

I manually verified the word "abandoned." I did a control f in my txt file to find where the word "abandoned" appeared, and it was on the same exact line as the output.
